As per the Ministry of Education directive, school day activities, extra-curricular activities and parent involvement activities organized or administered by the school or school board have priority use of school space during and after regular school hours.

In order to create affordable access to community facilities, the Government of Ontario provides a Community Use of Schools Grant that allows school boards to charge subsidized rental rates for non-profit groups. The annual subsidies offered are contingent upon Ministry funding. The Waterloo Region District School Board reserves the right to allocate the subsidy in such a manner to ensure that Community Use of Schools Program is offered at no cost to the Board. The Waterloo Region District School Board may change the way the subsidy is allocated year over year and determine the priority in which the subsidy will be applied.

A subsidy for a user group for an event is not a guarantee or commitment that future events will be subsidized in the same manner. Our primary goal is to subsidize local not for profit organizations who provide support and programming for local youth (under the age of 18 or under the age of 28 for participants with a disability).

FOR A FULL LIST OF RULES AND REGULATIONS, please refer to the Rules and Regulations Governing the use of WRDSB Facilities received with your original permit. The Rules and Regulations are also available at www.wrdsb.ca.
